

ALEXANDER HOWAT FOUND GUILTY OF CONTEMPT OF COURT

Co-Defendants Also Were Found Guilty and
All Are Sentenced to One Year in Jail
—Motion for New Trial Overruled—How-
at Takes Things Jovially, Wife in Tears

(By The Associated Press)

PITTSBURG, Kans., Feb. 16.—Alexander Howat, president of the Kansas Miners' Union was found guilty of contempt of court and sentenced to jail by Judge Andrew Curran of the Crawford county district court this afternoon. With Howat were found guilty his five co-defendants in the contempt proceedings, all officers of the Kansas Union.

All of the defendants were sentenced to a year in jail and to pay costs of the action. Judge Curran overruled a motion for a new trial, made by the defense and instructed the county attorney to make out commitments for the officials. The defense then filed notice of an appeal. Bonds were fixed by the judge at \$2,000 each.

TOKIO, Feb. 15.—The American government recently urged

The Japanese government to expedite its reply to the American note concerning the killing by a Japanese sentry of Lieutenant Warren H. Langdon of the Cruiser Albany in Vladivostok recently.

The Yomo Uri Shimbun commented today that the army authorities "should have been allowed to make a speech from the jail balcony in which he called Governor Henry J. Allen, a 'skunk of a governor.'" Bonds were given a few days later and the case was appealed to the su-

minorities and the foreign office entertained dissenting views on the subject.

Discussing the government's position the newspaper thinks it would be difficult for the court

Moreover it says, his punishment would result in an outbreak of universal feeling. On the

On the other hand if the sentry is not condemned it will place the government in the position of ignoring the demands of the United States the Yomo Uri adds.

The Yomo Uri believes that Japan will reply to the United States promising compensation to Langdon's family. The reply will be accompanied by an apology for the incident. The newspaper

The visit of Lillian Owen's Marionettes to Jacksonville gives point to the recent editorial squib in the Independent believes that ap- propriate positions as a result of the conferences held at Marion will not be "Marionettes." Evidently the Independent. The hope was pointed out that the "wire pulling" will not be advantageous to the Harding administration.

A Missouri farmer failed and showed obligations of \$41,000 and assets of \$7,000. After all, a farmer who could secure credit enough to show such liabilities must have ability. When the re- action on the big slump in farm prices sets in, he may be able to establish himself again in that industry which is usually ac- counted the stables and safest of all.

Now it is proposed to pump coal into New York City, a dis- tance of 137 miles. This engi- neering feat would not be any

more marvelous than some that are already accomplished facts. Pipe lines have had a decided in- fluence in fixing the price of oil now one of the basic fuels of the country.
So it is not difficult to stretch the imagination to the time when the transportation of coal by pipe line will have been de- veloped to such an extent that the car transportation price has been influenced. With the rapid development of freight move- ment by trucks and pipe lines and motor transportation the troubles of the railroads are multiplied.

In Missouri an automobile law has been proposed which merits attention and study. If the measure become a law a new depart- ment will be added to the state government and an automobile commissioner will have charge of the collection of fees and the en- forcement of rules designed to lessen the dangers of automobile traffic and to bring to pass a much stricter observance of the general automobile traffic regu- lations.
One section of the law has for its purpose the lessening of car- thevery.

The courts say that the rail- roads of Illinois have a right to the 40 per cent increase in freight and 3.6 cents per mile fare for passengers which the in- terstate commerce commission authorized. No body expected that this decision would be other- wise, and in fact, these rates have been in force for months past.

G. O. P. 1920
PLATFORM AND BUSINESS.
"At a time when radical reme- dies are proposed for certain sup- posed economic ills, it is well for us to take a glance at some of the operations of the Republican party upon which it won its phe- nomenal victory in the last cam- paign," declares the Republican Publicity Association. "Assuming, without asserting, that there have been illegal practices in certain industries, with consequent pro- longed at the expense of the peo- ple, the question arises whether the creation of new governing and supervising commissions is the remedy and whether such a reme- dy has either the expressed or im- plied endorsement of the people of the country."
"The Republican platform of 1920 contains no intimation of the adoption of any such policy. On the contrary, increase of Gov- ernment control over industry is expressly condemned by that docu- ment. In reviewing the Republi- can platform we find the Democra- tic administration condemned for its arbitrary and inquisitorial con- trol over the life of the people in time of peace, pledging to 'under- take to end executive autocracy and to restore to the people their constitutional Government.' And in summing up the pledges of the Republican party it is declared to be the intention 'to free business from arbitrary and unnecessary official control.' Existing Federal legislation against monopoly and combinations in restraint of trade was approved; the administration of the Federal Trade Commission was condemned; the opinion was expressed that the commission properly organized and its duties efficiently administered should afford protection to the public and legitimate business interests, and the pledge was given to strengthen the law against unfair practices."

"Taken in all its bearings the Republican platform was an assur- ance to the country that its success at the polls would result in a change of policy which would free industry from subjection to constant interference by official- dom exercising dictatorial and autocratic powers. There was no intimation that any individual or class or industry would be protect- ed in any inequitable practice, but, rather, that citizens would find the measure of their responsibility and the limitation upon their liberties fixed clearly in the statutes and not left to determination by bureaucracy."

FUNERAL NOTICE.
Thru a mistake made in ship- ping the remains of Mrs. Amanda McCool from Mattoon they did not arrive in Jacksonville Wednesday as expected and the funeral which was set for Wednesday afternoon, was postponed until today. The body has been located and is ex- pected to arrive here this evening or early tomorrow morning. The services will be held from Rey- nolds' chapel at 10 o'clock this morning.

LEWIS FUNERAL IS HELD AT WINCHESTER

Former Scot County Resident Laid to Rest Wednesday Afternoon—Hardy Sale Well Attended—Other Winchester Items.

Winchester, Feb. 16.—The funeral of David Lewis was held Wednesday afternoon at 3 o'clock at the home of Mr. and Mrs. George Longnecker. The home was filled with neighbors and friends and members of the Masonic and Pythian orders. A duet number, "Jesus Savior Pilot Me," was sung by Mrs. Ada Lankford and Miss Frost. Rev. W. R. John- son of Jacksonville read the obituary and offered prayer. Following this the duo sang, "Beautiful Isle." After the sermon the re- mains were taken to Winchester cemetery where the Masonic com- munitary service was held. The bearers were, W. L. Bagshaw, T. C. Hamilton, Dr. William Waln- ington, George Hieronymus, Earl Nelson and Charles Tuke.
There were many beautiful flow- ers and they were in charge of Mrs. W. B. Clark, Mrs. H. H. Fletcher, Mrs. W. L. Bagshaw, Mrs. John Moore, Mrs. George Hog- an, Mrs. Frank Mason and Miss Amelia Hieronymus.

News Notes.
Elmer Mason arrived Wednes- day morning from Canton to visit his parents.
William Brown left on an early train Wednesday morning for St. Louis called by the death of his uncle, B. Brown.
Mrs. Fannie Argus quietly but pleasantly celebrated her birthday Tuesday by entertaining a few re- latives at dinner.
The Charles Hardy sale was held Wednesday, with Lloyd Seeley as auctioneer and W. L. Bagshaw as clerk. The sale was well attend- ed and good prices were the rule. The Hardy family will soon move into Winchester and occupy the prop- erty purchased recently from Ot- to Henry. The Ladies Aid of the Baptist church served lunch.

WORKING FOR THE BEST IN PICTURES

Recently a committee was ap- pointed by the Woman's club to confer with managers of local pic- ture theatres with the thought of helping to increase the number of worth while films shown in Jack- sonville. There is a general move- ment thruout the state looking to this end and picture theatre pro- prietors as a rule are willing to co-operate with the public in se- curing certain pictures that it is thought will be helpful to young people and to community life in general.

PRESBYTERIAN MEN TO HOLD BANQUET

Presbyterian men are to attend a banquet to be given at North- minster church tomorrow night at 8:30 o'clock. The address will be given by Dr. B. Wren Webb of Dallas, Tex., who is going from city to city holding conferences with men of the Presbyterian churches relative to various phases of the work of the church.

Where's Nearest Glove Counter?
We used to wonder just why a bar had to have a brass foot rail in front of it and we had to wait until prohibition hit us before we found out. The old brass foot rail steadied your arm, my boy, and enabled you to lap up "just one more" without wobbling. How do we know? Well, read this item from Women's Wear.

"A Chicago store recently in- creased its glove business by a simple mechanical device that has since been adopted by a well- known Philadelphia establish- ment. A brass rail was placed about six inches from the floor, running the full length of the glove counter. When a person tries on a pair of gloves the foot unconsciously rests on the brass rail, forming a brace, which steadies the arm and makes the fitting of gloves an easy matter.

The Stone Age

—Sometimes we wonder how far we have gotten from the days of the Stone age.

—The old argument that tailored to measure clothes are "High" is a relic of the days when men threw rocks at each other.

—It wouldn't make much difference if we put a piece of cloth in our window and marked it "Suit, \$10.00," some bird would come along and exclaim "Too High, Too High."

—We are selling quality, good cloth, fine workmanship, actual fit of garments, long wear, clean trading and a lot of good will and desire to have our custom- ers "Come Back."

—We make the best clothes for the least money of almost any tailor in the country.

—Price tells nothing. Price backed by reputation tells a world of things.

—While you are "window shopping" just remember what we've said, but don't stop with "just a look." Come in and sat- isfy yourself of the truth of our state- ments.

SPIRES FAMILY RETURNS FROM DENVER, COLO.

Edgar Spires and family arrived in the city yesterday from Denver, Colo. They have made the trip by automobile in eleven days. Mr. Spires said yesterday that they encountered good roads in Colorado and Kansas, but that in Missouri the roads were very muddy. However, at just one point was it necessary to have assistance, their Chevrolet car negotiating all the rest of the distance with ease.

Mr. Spires found it necessary to go to Colorado last June for his health and he now returns to Morgan county greatly benefited. He and his family will once more be located on the farm southwest of Franklin, which will be good news to their many friends in the county.

JAPS NOT INTERESTED IN NITRATE INDUSTRY

WASHINGTON, Feb. 16.—Published reports that British and Japanese capital had become greatly interested in the Chilean nitrate industry were denied in a formal statement issued today by the Chilean embassy.

Pointing out that during the war Germany manufactured a substitute for nitrate for the air, the embassy statement also denied that Chile had a "monopoly" of the important war material.

Speaking for Ambassador Mathias, Luis Illanes, counselor of the embassy said that neither the Japanese government nor private Japanese capital was directly or indirectly interested in the nitrate industry. He declared that the industry was controlled by Chileans who in 1914, operated 51 out of 87 nitrate plants. Of the remaining number 32 were British, three German and one American.

REGULAR HABITS NOT CONSTIPATION CURE

Brooks suffered for years. Tells how he got relief.

"I have tried a great many things, but the only thing that has been able to relieve me is Milk Emulsion. I am on my second bottle and have to take very little of it now. My bowels move regularly every morning, and they have been doing for a number of years. I am like living again, after suffering so long. I recommended Milk Emulsion to two of my friends and they say it is the best remedy they ever heard of."—Elmer C. Brooks, 323 Washington St., Peoria, Ill.

Constipation weakens the bowels, causes hemorrhoids, and is a real corrective remedy. You can try it under its guaranty, without taking a cent.

Milk Emulsion is a pleasant, nutritious food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and purgatives. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk Emulsion is strongly recommended to those whose sickness has weakened and is a powerful aid in resisting and repelling the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Milk Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 75c and \$1.50 per bottle. The Milk Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

FOUR DOCTORS GAVE HER UP

Through a Neighbor's Advice This Woman Was Restored to Health by Lydia E. Pinkham's Vegetable Compound

Kenosha, Wis.—"I suffered with a female trouble and at last was in bed for six weeks with what the doctors called inflammation of the bowels. Four of them said I could not live. A neighbor told me to use Lydia E. Pinkham's Vegetable Compound and it helped me from the start. When the doctor came I told him what I had taken and he said 'Throw my medicine away and keep on with the Pinkham medicine.' I did it and I cured me. If more women would take your medicine they would not suffer so. I have recommended the Vegetable Compound to lots of people and they have been satisfied."—Mrs. MARY RHAPSTOCK, 2704 Wisconsin St., Kenosha, Wisconsin.

When a woman is beset with such symptoms as irregularities, inflammation, ulceration, a displacement, backache, headaches, bearing-down pains, nervousness, or the "blues" she should treat the cause of such conditions by taking Lydia E. Pinkham's Vegetable Compound.

ABSOLUTE EQUALITY FOR WOMEN BEFORE THE LAW IS URGED

Women Should Be Encouraged to Enter Legal Profession

WILLING TO FOREGO SPECIAL PRIVILEGES

WASHINGTON, Feb. 16.—A plea for absolute equality for women in the application of all state and federal laws was voiced by speakers at the opening session here today of the National Woman's Party convention. The plea was enthusiastically applauded by the assembled delegates.

The discussion of the legal equality for women came up with the presentation of a report from the research committee setting forth legal "discriminations" which the committee said must be removed. Asserting that the courts have been and still are distinctly masculine institutions, the report as presented by committee chairman, Miss Sue White, of Nashville, Tenn., added:

"They must become humane institutions thru the participation of women in the administration and application of the law. This is just as important as the formulation of the law. Women should be encouraged to enter the legal profession and to sit as judges and jurors."

Until they are finally represented thru the entire structure of the institution there will be grave doubt as to whether women ever receive exact justice in the courts."

In the administration of laws on divorce and offenses against morality, the report said, women are more often the victims of injustices than the present legal psychology comprehends.

Replying to the question raised in an address by Mrs. Nora B. Barney of New York as to whether women were willing to forego the "special privileges" accorded them in the laws of many states, especially as to the "husband's responsibility for his wife's debts," Miss White said:

"Absolute equality is my answer."

No vote was taken on the adoption of the report, however, which will come up for approval at a later session as a resolution.

VARIETY OF STORIES TOLD BY WITNESSES OF MATEWAN BATTLE

One Man Went Away With One Gun, Came Back With Two

HATFIELD HAD FELT'S POCKETBOOK

WILLIAMSON, W. Va., Feb. 16.—A variety of testimony, including an eye witness account of the Matewan battle was given by witnesses today in the trial of 19 men who were indicted on charges in connection with the killing of A. C. Felt, one of the ten men who met death in the fight.

Mrs. Stephen Porter, an eye witness of part of the battle declared that she saw Reece Chambers, a defendant firing his rifle.

Mrs. Porter testified that she saw three men fall to the ground. One she recognized as a miner, another as a Baldwin-Felts detective, but the third, she said she did not know.

A detective standing opposite her home was firing a pistol in the direction of Reece Chambers, she said. The detective appeared to be wounded as he used his pistol, she testified. Chambers was firing his rifle in the detective's direction declared the witness.

Returns With Two Guns.
A negress employed by Art Williams, a defendant said that before the fight Williams left his home armed with one gun but that when he returned he had two.

"He said he got the pistol off one of those 'big dogs,'" the negress testified. Williams told his wife that he was "most sure he got one of those"—and that he believed Sid Hatfield got several of them," the witness said.

Allen Johnson testified that shortly after the battle Sid Hatfield had in his possession the pocketbook of A. C. Felt. Asked what Hatfield said the witness replied:

"He said 'much obliged Mr. Felt.'"

Johnson testified that he did not know how Hatfield secured the pocketbook.

LEGISLATORS VISIT STATE UNIVERSITY

CHAMPAIGN, Ill., Feb. 16.—Members of the state legislature arrived today to inspect the University of Illinois and to learn its financial needs. The legislature will be asked to appropriate \$10,500,000 to cover the University's next two years' expenses. At a dinner tonight President David Kinley gave figures to show that other state universities are asking more than Illinois. He showed that in 1913 the University received two cents of each dollar spent by the state and in 1915 received one and one half cents, despite the increase in enrollment. He said that in 1913 the appropriation for the university was 16 per cent of the total state appropriation and it gradually declined to 8.8 per cent in 1919.

President Kinley declared that according to the wealth of the state Illinois ranks twenty third in appropriations for educational purposes. The legislators will make a tour of the university tomorrow.

OVER EXERCISE IS CAUSE OF DEATH

Brookfield, Mo., Feb. 16.—Over exertion during a bout here last night caused the death of Harry Hamilton, a local lightweight boxer, a coroner's jury found today.

Hamilton collapsed in his corner after he had been knocked out near the end of the eighth round by Frankie Dean of Kansas City. He became unconscious and died at his home early today.

Dean was not held in connection with the case. With his manager he left this afternoon for Kansas City. The verdict of the coroner's jury did not hold that the knockout had any bearing on the death. Hamilton was 30 years old. He had been boxing for several years.

TELLS OF FINANCIAL TRANSACTIONS OF FIVE N. Y. BANKS

Deputy Federal Reserve Director Appeared Before Committee

BORROWINGS CONTRAST WITH OTHER BANKS

WASHINGTON, Feb. 16.—The borrowings of the five largest banks in New York city from the federal reserve bank on last November 15, was only 140 percent on a basis line determined by the capital, surplus and deposits, George S. Harrison deputy governor and former general counsel for the federal reserve board, declared today before the House banking committee.

The borrowings of the five big New York banks, Mr. Harrison said, contrasted with 271 percent of the basis line borrowed by banks in the Richmond district; 370 percent in the Atlanta; 152 percent in St. Louis; 263 percent in the Minneapolis; 196 percent in the Kansas City; and 176 percent in the Dallas district.

The re-discounts of the five largest New York City banks on February 14, Mr. Harrison testified, were \$565,000,000 and on the same date their loans to banks outside New York totaled \$97,000,000 to corporations outside the state \$645,000,000 and to railroads \$48,000,000.

"Gets-It" Ends All Corns

Just As Good For Calluses. Money Back If It Fails.

Thirty seconds after you touch the corn with this liquid corn remover the itching, stinging pain of it stops for all time.

Simple As A, B, C.
No corn, hard or soft, is too old or too deep to resist "Gets-It". It immediately dries and shrivels, the edges loosen from the true flesh and soon you can peel it right off with your fingers as painlessly as you trim your nails. Don't oodle corn pasts. Don't nurse and pamper them. Don't cut and trim them. REMOVE them with "GETS-IT". Costs a trifle at any drug store. Mfg. by E. Lawrence Co., Chicago.
Sold in Jacksonville by Armstrong's Drug Stores.

THREE BIRTHDAYS WERE CELEBRATED

Family Anniversary Date Observed at Home of Mr. and Mrs. F. L. Mawson.

Wednesday an unusual birthday anniversary was observed at the home of Mr. and Mrs. F. L. Mawson two miles southwest of the city. In fact, it was a triple anniversary, marking the birthdays of John R. Mawson, his granddaughter, Mrs. Arthur Reeve and his great granddaughter, Rena Beatrice Reeve, who is four years old. Members of the family were present for the excellent birthday dinner which was served at the noon hour.

Mr. Mawson, who is now seventy-eight years of age, is a resident of South Jacksonville and is right accounted one of the best citizens of Morgan county. He is a long time resident and is widely known. Mr. Mawson served his country in the War of the Rebellion and the fidelity and conscientiousness which made up his record in the war days have characterized him all thru the years. It is very gratifying to relatives and friends to know that while now well advanced in years, he is still mentally and physically vigorous and gives promise of still further years of community usefulness.

MAJOR JOHNSON HAD NOTABLE RECORD

The Springfield Journal tells of the death of Major Edward S. Johnson, for many years custodian of the Lincoln monument. The deceased was an intimate friend of the late Capt. Alexander Smith of this city. The Journal said in part:

"Major Edward S. Johnson, 77 years old, custodian of Lincoln's monument, civil war veteran, captain of the old Governor's guard and friend of Abraham Lincoln, died at his home in Lincoln lodge at Oak Ridge at 6:30 o'clock yesterday morning following an illness of several months."

"Major Johnson was custodian of Lincoln's monument for twenty-five years. During that time he won the friendship of hundreds of persons of national reputation throughout the world, who came to pay tribute at the tomb of the immortal Lincoln."

"Major Johnson was a native of Springfield. He was born here, August 9, 1843, and has lived here practically all his life. His residence away was only during the Civil War and a short period he resided in Chicago conducting a hotel at the world's fair."

"He started his career as a printer's apprentice. Then the Civil War came and the call of the bugle enrolled him as one of the fighters to free the slaves. He enlisted in 1861 in the Seventh Illinois infantry—the first regiment to leave the state. He fought for four years and three months, seeing the war to a successful conclusion."

MRS. KOLP APPOINTED TO FINE POSITION

Many Jacksonville people will be interested in knowing that Mrs. Lucy Dimmett Kolp has been recently elected as head of the department of organ in Morningside College at Sioux City, Iowa. Mrs. Kolp was for a long period of years was for a member of the faculty of the College of Music at the Woman's College and for ten years served as organist of the First Baptist church.

For the past two years Mrs. Kolp has been in Chicago studying organ with Dr. J. Louis Browne, piano with Howard Wells and theory and composition with Olaf Anderson. Prior to this work Mrs. Kolp had studied for three years with Charles Galloway of St. Louis. She is a member of the Guild of American Organists and during her two years' residence in Chicago has served as organist at the Chicago training school.

The interest, Mrs. Kolp has maintained in her work and her natural love for music have together made for her success. The position she is taking at Morningside College is one of large responsibility and her appointment is a recognition of her ability and the value of her thorough professional training. Mrs. Kolp will be missed not alone in the musical circles of Jacksonville, for thru the years she has come to hold a large place in the educational and church life of the city.

KNIGHTS OF COLUMBUS DEFEAT WHITE HALL

Visitors Showed Under by Score of 43 to 17—Had Good Floor Work But No Accuracy in Basket Shooting.

The Knights of Columbus basketball team defeated the White Hall American Legion team in Liberty hall Wednesday evening by a score of 43 to 17.

The game was a fast one but the visitors were outclassed. They displayed good floor work, but lacked accuracy in basket shooting when they got the ball in shooting distance.

The Knights played an excellent game thruout. This was especially true of Zell, Carson and Wolfe on the offense while Clancy did some excellent floor work. Cain was sick and unable to play and his place was taken by Costello who played a fine defensive game.

For White Hall the best work on the offense was done by Braberg, Culbertson and Vermillion who used to star on the White Hall high school team did good work in the guard positions. The score: KNIGHTS: F. G. F. T. Tot. Zell, f. 9 1 19 Carson, f. 5 0 10 Wolfe, c. 5 0 10 Clancy, g. 1 0 2 Costello, g. 1 0 2

Totals 21 1 43 WHITE HALL: F. G. F. T. Tot. Whitney, f. 0 0 0 Braberg, f. 3 3 3 Bridgewater, c. 0 0 0 Culbertson, g. 0 0 0 Vermillion, g. 3 0 6 Spangenberg, g. 1 0 2

FARMER'S BOY MADE SUCCESS WITH CORN

What He Accomplished Is Matter of Inspiration for Others.

Herewith is an article taken from a farm journal telling of the success of a country lad who developed a special breed of corn. By his efforts the lad made a personal success and at the same time distinctly benefited his home community. A reader of the Journal called attention to this article and commented upon the fact that as the farm bureau can encourage the boys on the farm to efforts of this kind, so will the bureau succeed in a great work. Farm boys just as well as other people must learn the valuable lesson that it is not what you get that counts, but what you can give.

This is the true story of a boy who used his brains, had the courage to dare and won out.

This boy was raised on a farm and, like all red-headed boys, was ambitious and energetic. But he did not allow himself to be lured to the city, for he believed the farm offered him a bigger opportunity than did the town.

He lived in a community where corn was the most important crop, and he became greatly interested in the growing of that cereal. He made a study of corn, read all the books and bulletins on corn he could secure and persuaded his father to let him have the use of a small plot of corn for experimenting.

He succeeded in producing large yields of a good quality of corn but still was not satisfied. One day he went to a corn show and was greatly impressed with some of the corn that won prizes. He was particularly pleased with ten ears that had been awarded first prize, and determined to purchase them. But when he found the price asked was \$100 he almost lost courage.

However, he chanced to have just that much money in the savings bank and he drew it out and bought the corn. After he had paid over the money he became frightened. One hundred dollars for ten ears of corn! What would his father say? He was almost afraid to go home, and walked around the town for an hour or more, carrying his precious corn under his arm.

When he arrived home he told his father and mother what he had done and they criticized him severely for his "foolish extravagance."

The boy said nothing, but he determined to make good on his investment. The next spring he planted his ten ears on his experimental plot and gave the corn the very best of attention.

He succeeded in raising a big crop of very fine corn and sold almost enough of it to pay for his ten ears, but the best ears he kept for himself.

Still he wasn't satisfied. He was confident his corn wasn't quite suited to the soil and climate of his part of the country. He began experimenting and improving the corn until he produced a kind of corn that retained all the advantages of his original ten ears yet was better adapted to his community.

The corn soon won favor among the neighboring farmers and the boy, who was now a young man, could not supply enough seed, for which he received good prices.

The fame of the corn spread rapidly until today it is the kind of corn most generally grown within a radius of 100 miles of his home. It is estimated that this improved corn has added millions of dollars to the income of farmers in that locality and resulted in better homes and happier people.

What this boy did thru pluck and patience, other boys can do.

FAREWELL PARTY AT LITERBERRY HOME

Recent Event at Home of Mr. and Mrs. Abe Liter Was in Honor of Mr. and Mrs. L. A. Gardner—Other Literberry Items.

Literberry, Feb. 16.—The home of Mr. and Mrs. Abe Liter, northeast of Literberry, was the scene of a very pleasant social gathering recently. The affair was planned especially in honor of Mr. and Mrs. L. A. Gardner, who on March 1 will leave the Literberry neighborhood for their new home in Effingham county. The company numbered about twenty-five of the neighbors and friends of Mr. and Mrs. Gardner, and the evening was spent very pleasantly with games and music. Prizes in the contest were won by L. A. Gardner, Mrs. Gardner and P. E. Virgin. Delicious refreshments were served during the evening.

News Notes.
The Woodmen and their families enjoyed a social Tuesday evening in the basement of the Baptist church. Several hours were spent in a delightful social way and the serving of suitable refreshments was a feature of the evening.

Mrs. Owen Crum has returned to her home in Literberry after a stay of some days in Jacksonville. Born to Mr. and Mrs. George Roach, a daughter.

Every Drop of Your Blood Should Be Absolutely Pure

You can not overestimate the importance of keeping the blood free of impurities. When you realize that the heart is constantly pumping this vital fluid to all parts of the body you can readily see that any impurity in the blood will cause serious complications. Any slight disorder or impurity is a source of danger as every vital organ of the body depends upon the blood supply to properly perform its functions.

Many painful and dangerous diseases are the direct result of a bad condition of the blood. Among the most serious are Rheumatism, with its torturing pain; Eczema, G331 Swift Laboratory, Atlanta, Georgia.

Tetter, Erysipelas and other disfiguring skin diseases; General debility, which makes the strongest men helpless, and many other diseases are the direct result of impure blood.

INCOME TAX FACTS YOU SHOULD KNOW.

"How can the Government determine whether any income for the year 1920 is taxable?"

This question should arise in the mind of any person subject to the income tax, is easily answered. The Bureau of Internal Revenue has innumerable sources for checking up delinquents. The "information at source" provision of the revenue act, which requires that reports be made of payments to others of \$1,000 or more during the taxable year, is only one of the bureau's many avenues.

Each collector of internal revenue is required to post in his office for public inspection immediately following the close of the income-tax paying period—March 15, 1921—a list of persons in his district who have filed income-tax returns.

John Jones may have a grudge against his neighbor, Bill Smith. Knowing that Bill Smith's income is within the taxable list, he is apt to note the commission if occurs, and drop a note to the collector.

In every collector's office, employees are assigned to the task of reading carefully the daily papers and noting real estate and other transactions involving payments. The commissioner of internal revenue and his assistants, whose duty it is to see that the revenue act is properly administered have authority to examine all books, papers, and memorandum of taxpayers, and to examine under oath any persons having information in the premises.

Should a person whose duty it is to file a return fail in his obligation, he may expect, sooner or later to hear from the collector of internal revenue. Penalties provided for delinquency are severe. For failure to make a return on time—on or before March 15, 1921—the penalty is a fine of not more than \$1,000. An additional assessment of 25 percent of the amount due may be applied unless a later return is filed, and it is satisfactorily shown that the delinquency was due to a reasonable cause. "Willful refusal" to make a return and pay the tax on time is punishable by a fine of not more than \$10,000 or one year's imprisonment or both, together with the cost of prosecution.

Where, by reason of illness or absence, additional time is required for filing an income-tax return, the collector of internal revenue may grant an extension of not to exceed 30 days upon written application therefore, made before the return is due, on or before March 15, 1921.

If, before the end of 30 days' extension, an accurate return can not be filed, appeal for further extension must be made to the Commissioner of Internal Revenue with a full recital of the causes for the delay.

Payment of income taxes may be made by cash, money order, or check. Check or money order should be made to "Collector of Internal Revenue." Payment by either of these methods is urged by the Bureau of Internal Revenue as a convenience to the taxpayers and the avoidance of congestion at collectors' offices during the closing days of the tax-paying period.

NOTICE TO TAXPAYERS

The tax books are now in the collector's office and taxes extended stand as judgments against all parties mentioned therein.

Persons paying on personal property only should pay the tax promptly and avoid trouble and expense in collection. The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress, and sale of goods and chattels of such person." Parties paying on real estate should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

Wanted: A National Policeman

The farmer does not get enough money for the food he sells; but the consumer, who buys it, pays too much.

It is high time that Uncle Sam constituted himself a policeman to protect both producer and consumer. If he keeps the in-between boys from raiding the Public-Food melon patch, the producer will no longer have to put up with so small a return and, what is just as important, the public will not have to pay exorbitant prices for food.

The Farm Bureaus, expressing the minds of the organized farmers of America, are setting out to convince Uncle Sam that he must act. It is only by national mobilization that the farmers can hope to secure action on this and other questions whose solution vitally affects the future of our farming industry. The Farm Bureau Movement deserves the support of each and every citizen.

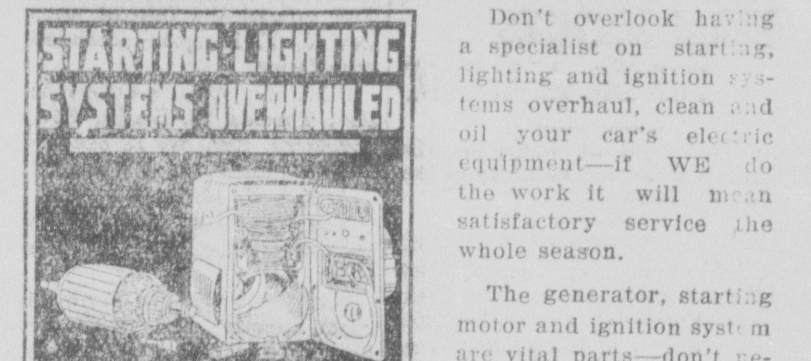

THE COUNTRY GENTLEMAN, as the national champion of progress, is thoroughly in accord with the aims of the Farm Bureaus. Its vision is national: for in gathering the sound, helpful material which makes up its 52 big weekly issues its editors and contributors travel the country over in search of the latest news and the best opinion. Its editorial policy can therefore be accepted as fairly voicing the thought of the American farmer.

You want and need this national mirror of farm progress. It costs only \$1.00 for a year. Many farmers say it's the best buy they ever made. Send a dollar bill or your check today.

GEORGE P. DAVIS DIES SUDDENLY AT ASHEVILLE

Former Resident Passes Away at Health Resort Where He Had Been for More Than Year Past—Was Chief of Police for Fourteen Years.

Mrs. E. L. Kinney received a telegram Wednesday evening announcing the death of her brother, former chief of police, George P. Davis, which occurred in Asheville, North Carolina, some time Wednesday.

The message was from Dr. Houston, who has been Mr. Davis' physician during his sojourn at Asheville. No particulars were given and it is believed death came suddenly as reports recently had been most encouraging.

Decedent was born at the old family home on East North street in this city fifty-two years ago. He received his education in the public schools of the city.

When a boy he entered the employ of the Jacksonville Journal and learned the trade of printer.

George P. Davis.

For a number of years he was foreman of the composing room. Later he gave up active work at his trade and took a withdrawal card from the union, tho he always took great interest in the organization and especially in the printers' home in Colorado.

For a number of years he operated a lunch room in the basement of the old Ayers bank. During the administration of Richard Yates as governor he was associated with the grain inspection department with headquarters in Chicago.

During the second term of his brother John R. Davis as mayor of Jacksonville, he was appointed chief of police and held the position for fourteen years. This service was continuous except for two years when the late Charles Widmayer and Daniel Bahau filled the office of mayor.

Mr. Davis was a member of Centenary church, having united with that denomination when quite young. He was also prominent in fraternal circles and held membership in many orders. He was a member of Jacksonville No. 570, A. F. & A. M., the Scottish Rite, Hospitaler Commandery No. 31, Knights Templar and the Shrine, Illini Lodge No. 4, I. O. O. F., Delaware Tribe No. 741, O. R. M. Knights of Pythias, Jacksonville Lodge No. 682, B. P. O. E.

During his long residence here Mr. Davis won and held many friendships. He was of cheerful disposition and deservedly popular with citizens in all walks of life.

George Davis was a man of generous impulses and big heart. He was, thru his position as chief of police, in close touch with the poor of the city. For many years he was a real Santa Claus to many families who but for his efforts and work would have had a cheerless Christmas.

The remains will be brought here for burial but funeral plans are not known at this time.

PETITIONS FILED
Wednesday was the last day for filing petitions for city offices in the primary election. The petition of Mrs. Edith Miller for city treasurer on the Republican ticket was filed, as was the petition for Edward Lonergan, the Democratic candidate for alderman in the third ward.

Mrs. Miller's petition was filed by her husband, J. Marshall Miller, and the Lonergan petition was filed by Carl Cokerley.

Pie social at Ebenezer school Friday evening, Feb. 18, 7:30 o'clock. Admission 5c at the door.

DR. STACY IN CITY.

Dr. George Stacy from Peoria was in the city yesterday calling on friends. The many friends of the former Jacksonville physician were very glad to see him again.

MISS NEAL MADE ADDRESS AT LAFAYETTE SCHOOL.

Miss Edith Neal of the Social Service League was the speaker at the regular meeting of the Parent-Teacher Association of the Lafayette school Wednesday afternoon. The theme for the afternoon was "Motherhood" and Miss Neal pointed out in a very clear way the influence which mothers have in the community as well as the home life.

The speaker had been asked to give some suggestions as to how the association could co-operate with the league in giving help where it is most needed. Miss Neal impressed upon her hearers the fact that the work of the Social Service league is by no means limited to the giving out of food and clothing. The league in this city has four branches of work, the city matron's duties, the transient work, the probation work and the social service branch. In each of these departments there are many ways in which the mothers of the community can assist, and a strong plea was made for co-operation.

The program Wednesday afternoon included a solo number by Miss Josephine Conboy of Illinois College conservatory. A social hour with refreshments followed the program.

The association voted to donate \$25.00 to the social service league.

WILL PLAY SOME TONIGHT.

The Speed Boys and the Jacksonville High school seniors will have a basketball contest tonight at Liberty hall. The game is scheduled for 8 o'clock and as both teams have been in active practice a real contest is expected.
